

GREENHOUSE SHIPPING MANAGER

Pioneer Gardens, Inc. has a reputation for supplying growers in North America with very high quality starter herbaceous perennial plant material. The expertise of our team of growers makes that happen every day and you are invited to join these experts in the trade.

The shipping team packages the plug trays for UPS and truck shipments and are the final step of growing plants before they go to our customers. Therefore the shipping team needs to be quality and detail oriented so all plants shipped conform to our quality standards.

You will receive on-the-job training to make daily, weekly and monthly shipping decisions. Basic computer skill and knowledge of excel and preferably access is required. Good organizational and people skills are necessary. Math skills are a must since you will be analyzing data pertaining to inventory, locations and packing lists. Assisting growers with other tasks when the shipping volume is minimal makes this a diverse position. The hours are 7am until 3:30 am. However in the season: March thru May and August thru September some Saturdays and workdays until 4:30 pm occasionally occur. It can be a physically demanding position, with the temperatures in the greenhouse changing in the seasons and the need to be able to lift up to 50 lbs. The position could ultimately develop into that of shipping manager in charge of the shipping needs of all 3 acres of greenhouse of young plugs. Hours can be flexible to your schedule within reason.

Pioneer Gardens, Inc. offers competitive pay, a complete benefits package upon eligibility including insurance, retirement savings, 3 week paid vacation and paid holidays and an opportunity to be part of an expanding company with an enthusiastic and dedicated team. Random drug testing is part of our safety policies.

When you are interested in applying for this position please contact Jaap Molenaar at: jaap@pioneergardens.com and provide your resume and references.
